DETAILED ACTION

Applicants' response, which included amendment to claims 1, 2, and 7, filed on 4/29/2003, is made of record.

Claims 1-30 are in the application, of which claims 14-30 were withdrawn from consideration and claims 1-13 are therefore under examination.

In view of applicants' response, particularly amendment to pending claims 1, 2, and 7, 112 second paragraph rejections made in the previous office action have been obviated.

Furthermore, in view of amendment to these claims, prior art 102(b) and 103 rejections made in the previous office action over claims 1-2, have been obviated.

However, the following apply.

Claim Objections

Claims 1-10 are objected as they still embrace non-elected subject matter, which was not examined. Upon deletion of non-elected subject matter these claims would be in condition for allowance barring finding of any prior art in an additional search at the time of allowance.

In addition, claims 14- 30 which were withdrawn from consideration are still in the case. Examiner would rejoin these method of use and composition claims if applicants limit claim 14 to treatment and delete prophylaxis. Note prophylaxis will raise the issue of scope of enablement.

Art Unit: 1624

Allowabl Subject Matter

Claims 11-13 are allowable barring uncovering of any new prior art in a subsequent search. Said claims are deemed allowable as the specific species embraced in these claims are not taught in the prior art of record.

References cited in the Supplemental Information Disclosure Statement (paper # 8) are made of record.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
